Introduction Letter

Dear Lake Michigan College Community,

The Jeanne Clery Act (Clery Act) is in memory of a student who was slain in her dorm room in 1986 at Leigh University. Jeanne Clery's parents led the effort to enact the original Campus Security Act (1990). In 1998, Congress formally named the law in memory of Jeanne Clery. In March 2013, the Violence Against Women Reauthorization Act (VAWA) was signed. VAWA amended the Clery Act to require institutions to compile statistics for incidents of dating violence, domestic violence, sexual assault and stalking.

The statements contained in this document are derived from Lake Michigan College's (LMC) Clery Act Compliance Policy as well as other institutional policies. This report is prepared by the Department of Accreditation, Strategic Projects and Quality (ASPQ) in cooperation with local law enforcement agencies serving our Clery geography.

Once the crime statistics are compiled and the report is complete, the Annual Security and Fire Safety Report is placed on our website. Printed copies can be obtained by contacting aspq@lakemichigancollege.edu. Each year, an email notification is made to all enrolled students, faculty and staff about the availability of the report. Potential students and employees are also notified of the availability of this report via LMC's website and the application process.

This 2024 Annual Security and Fire Safety Report covers crime and fire statistics for all LMC campuses, separate campuses, non-campus, and public properties which include: Benton Harbor Campus (including Beckwith, LMC's student housing), South Haven Campus, Niles Campus (transitioned to Bertrand Innovation Center in September 2023), and Allegan Tech Center.

Please familiarize yourself with this valuable resource and other helpful information contained in this report so you can actively assist us in maintaining a safe and secure environment for the LMC community. We are all committed to making our campus a safe place in which to live, work, and learn.

Remember that you are an important part of the safety and success of LMC.

If you see something say something!

Thank you,

Melissa Emery
Clery Compliance Officer

Safety And Security Personnel

Lake Michigan College contracts with Securitas for both of LMC’s campus locations. Securitas does not have arrest authority and is unarmed. They act as an extra set of eyes and monitor LMC’s property. Securitas reports any crimes to our Campus Officer (CO) and/or reports through Securitas’s reporting system. Securitas is available 24 hours a day, 7 days a week on the Benton Harbor Campus. Availability of Securitas at the South Haven Campus is limited to peak class times. Many visitors and first-time students are unaware of the services both LMC’s CO and Security Personnel provide:

Protection of persons and property – officers patrol on foot, in a marked LMC Security vehicle as well as a Berrien County all-terrain motorized vehicle			
Emergency assistance in the case of injury or severe illness	Open locked vehicles	Jump starting dead batteries	Escort service to your car or from building to building
Enforce state and federal law, local ordinances, and LMC’s policies	Parking and traffic enforcement	Crime prevention and reporting	

Working Relationship with Law Enforcement

In June 2023, the Board of Trustees approved the agreement to contract with the Berrien County Sheriff’s Office for on-site law enforcement in a similar role that a School Resource Officer (SRO) would have in a K-12 environment. Beginning Monday, August 21, 2023, Lake Michigan College welcomed a new Campus Officer (CO) from the Berrien County Sheriff’s Office assigned on our Benton Harbor Campus 40 hours/week. Together we plan to build a positive relationship between law enforcement, students, and College employees. The goal of the program at the College will be to create a safe and secure learning and work environment, reduce and prevent crime, and provide law enforcement resources to college administrators, faculty, staff and students. The CO will serve as a Law Enforcement Officer and Public Safety Educator. When LMC’s CO is on site, Berrien County Sheriff’s Office is the responding agency.

When CO is not present, Benton Charter Township law enforcement agency responds to the Benton Harbor Campus.

LMC's Clery Compliance Officer sends requests to all law enforcement agencies that have jurisdictions for LMC's Campus and Non-Campus properties to receive information about any reported crimes at each location.

Building Access

Buildings on all campuses are opened and operated by Facilities Management Department (Facilities) to serve the needs of the College. This procedure describes the responsibilities of Facilities Management and Security, for securing buildings and permitting access.

The College must maintain a safe and secure environment for individuals while on campus.

Security/Safety Considerations: The primary considerations for securing the campus exterior and interior doors include but are not limited to:

- Provide procedures that ensure all College facilities and property are being used for authorized purposes and that proper supervision by appropriate staff members is provided
- Reduction of the theft of high value assets from the campus
- Mitigate Active Violence Incidents and/or other violent action on campus
- Disaster management where the threat (such as a gas leak or hazardous material incident) is inside one or more buildings
- Disaster management where the threat is attempting to move into a building (riots or other civil disorder, for instance).

Unlock/Lock Schedules: Facilities unlocks/locks scheduled doors and Security verifies secured doors. A building schedule is generated each week by Facility Management for Saturday through the following Friday.

- **Academic Buildings:** Generally, main entrances at academic buildings are opened each weekday by at least 7:30 a.m. and are locked 30 minutes before the end time of the latest academic class scheduled end time.
- **Mixed Use Buildings:** Buildings are opened and closed in coordination with the building's required needs.
- **Resident Hall:** Always locked. Key card electronic access for students and limited staff only.
- **Office Suites / Offices:** Interior office suites are locked by each respective Department at the end of their business day.
- **Academic Spaces – Normally Locked:** Academic spaces categorized as laboratories, computer classrooms, or specialty spaces should always be locked. Instructors using those spaces must be issued a key and it is their responsibility to unlock and lock for their instruction needs.
 - Departments should coordinate with Facilities Management at the start of each semester to confirm the regular schedule for normally locked spaces in order to provide for all necessary building cleaning/servicing needs.
- **Academic Spaces – Normally Unlocked:** General classrooms and lecture halls are not locked Monday through Thursday. Friday all spaces are secured after cleaning and reopened as scheduled on Monday.
- **Electronic Access:** A limited number of exterior doors and specific interior doors are electronically controlled by a program jointly managed by Facilities Management and Information Technology.

- **After-Hours Access:** Buildings and rooms will be unlocked/locked as specified on the College scheduling plan, issued weekly. When the space is scheduled, unlocking/locking needs will be confirmed for the event and a Facilities work order should be issued as needed.

Any persons requesting building access after normal business hours, on weekends, or when buildings are closed, which has not been coordinated in advance with the College Scheduler must be referred to the Security officer on duty.

If a Security officer is asked to admit any employee to any area of the college, the Security officer will positively identify the employee by either verifying an LMC ID or receiving a call from the employee's supervisor. Security officer will record this information in the report management system, including name, area accessed and the purpose of entry.

Employees are required to notify Security if working on-site outside of normal hours upon arrival and when they leave.

Students are not permitted to be in any building or room/department area that is closed or unstaffed, unless that student has been authorized through Facilities Management.

For external events, a designated LMC employee is required to be present (refer to Facilities Rental Procedures).

Campus Closures and Emergency Closures: Employees coming to work on campus when the campus is closed to the public should report their presence to Security.

Employees who are not authorized by their Supervisors to be on campus during an emergency closure should not be on campus. Any emergency access required should be coordinated with their Supervisor and Security.

During inclement weather, parking should be limited to areas that are prepared and plowed.

Summer Schedule: Summer schedule is Monday through Thursday for regular College hours. Unlocking/locking is coordinated with the summer schedule. Academic spaces that are normally unlocked (see above) may be closed if there are no scheduled classes during the summer.

Maintenance of Campus Facilities

The Facilities Management Department (Facilities) is responsible for maintaining, repairing, and updating facilities owned and operated buildings and grounds on its two college campuses. Some services managed and supported by Facilities include:

- Building/room scheduling, unlocking/locking, and access control
- Keying management services
- Interior building and exterior site lighting
- Pavement and concrete walkway management and repair
- Emergency management and response
- Temporary signage posting
- Sign system management

Work requests based on College department needs or individual observations must be made through the Maintenance Connect work order request. Staff and employees are encouraged to submit requests upon observations of required maintenance.

Where to Report a Crime

Campus Security Authority's

Campus Security Authorities (CSAs) are individuals designated by LMC with significant responsibility for student and campus activities, including security personnel.

Under the Clery Act, a crime is reported when a victim, witness, third party or even the offender brings a crime to the attention of a CSA, campus security personnel or local law enforcement. CSAs have an obligation to report through LMC's Maxient (Report and Support) system, or to the Clery Compliance Officer. It doesn't matter whether the individual(s) involved in the crime or reporting the crime are associated with the institution.

CSAs are responsible for:

- Completing annual training and education as determined by the Clery Compliance Officer/Clery Compliance Committee.
- Reporting all alleged crimes as well as understanding the mandated Clery Act crimes
- Timely submission of a Maxient report(s) of all alleged crimes reported to them.
- Responding to the annual confirmation process to verify that all Clery Crimes were reported during the previous year.

CSAs will receive at a minimum an annual notification as a reminder to submit any incidents/crimes etc. that may have occurred. Each CSA is required to respond to the communication.

CSAs are not responsible for investigating crimes. The CSA role is to report all incidents immediately, no matter how minor the incident may seem. Investigations and crime classifications are the responsibility of LMC's Campus Officer unless local law enforcement is involved.

CSA's need to report:

- Contact information such as name, phone number, and email address (clarification from the CSA may be needed).
- Date the incident was reported to the CSA.
- Where the incident occurred: On-Campus; Student Housing; Non-Campus building or property; or Public Property.
- What alleged or attempted crime took place.
- Summary of the alleged incident.

Any crime that occurred on or around college property may be reported to the following CSA's (the below list is not an exhaustive list of all CSA's of the College):

Reporting Form(s)

If you are reporting an emergency that involves imminent risk of harm to self or others, please call 911 or campus security 269-470-6084. Follow up by submitting a Care and Concern Report so that our CARE Team can follow-up with the student to offer support and resources. By submitting a report, you are helping us maintain a healthy and safe campus community. Join us in taking care of our community by creating a culture of reporting. These reporting forms can be found on LMC's website here:

<https://www.lakemichigancollege.edu/students/incident-reporting>

Voluntary Confidential Reporting

Students, faculty, staff, and community members have the option to report confidentially through LMC's reporting system here: <https://www.lakemichigancollege.edu/students/incident-reporting>

➤ **Clery Act Compliance Policy**

Victims, witnesses, students, employees, CSAs and/or community members are able to report crimes in a voluntary, confidential manner. The College encourages prompt reporting of all crimes into the College's Maxient system. The College's professional counselors are not required to report crimes that have been shared during counseling sessions.

➤ **Title IX**

Reports to a "Confidential Employee" - reports made to a "confidential employee" will not be shared with the Title IX Coordinator or other school officials. Nor will such reports be shared with other individuals without express permission of the reporting person or the person about whom the report pertains, unless required by law. After receiving a report about conduct that may reasonably constitute sex discrimination, the confidential employee will share information with the reporting person about Title IX and its regulations, including the confidential employee's status, how to contact the Title IX Coordinator, how to make a complaint, and how to obtain additional information about possible supportive measures and options for resolution.

At the College, Counselors in the Student Well-Being and Accessibility office are designated as "confidential employees." They may be contacted: counseling@lakemichigancollege.edu or **269-927-8866**

Clery Geography

The Clery Act requires institutions to disclose Clery crime statistics reported in the Annual Security and Fire Safety Report based on where the crimes occur. These geographic categories of property designations are known as “Clery Geography.” The Clery Act requires colleges and universities to report certain crimes that occur (1) on campus, (2) in or on certain non-campus buildings or property that the institution owns or controls (3) on public property within or immediately adjacent to campus. Additionally, if an institution has multiple campuses, it must disclose statistics for each campus.

- **On-campus property** is defined as:
 - Any building or property owned or controlled* by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and
 - Any building or property that is within reasonably or contiguous to the area identified in the above paragraph of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes.
 - *Even if no payment is involved in the transaction, under Clery, a written agreement for use of space gives your institution control of that space for the time period specified in the agreement.
- **Non-campus property** is defined as:
 - Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
 - Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
 - Hotels used by athletics teams and student organizations when they travel for more than one night or use the same location every year.
- **Public property** is defined as:
 - All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
- **Separate Campus** is defined as:
 - Buildings and property owned or controlled by the College that are not reasonably contiguous with the main campus, with an organized program of study, and at least one administrator on site.

Annually the Clery Compliance Officer (CCO) collaborates with Facilities Management to develop and maintain current campus maps that definitively identifies the institution’s Clery geographical borders, including all campus property, campus buildings, student residential housing, campus parking, campus boundaries, campus owned streets, public property and streets, separate and non-campus properties. The Risk Manager along with Facilities Management will notify the CCO of any changes to the institutions properties that are owned or controlled by the College, are purchased or sold, or if use of such property changes.

All student travel, international and domestic, sponsored or supported by the college must be authorized and registered and approved prior to travel through a dedicated process in advance of travel. The Clery Compliance Officer maintains a list of all overnight student trips for the purposes of identifying non-campus properties. This list is compiled from the pre-and-post electronic forms.

See Appendix A for all of Lake Michigan College’s Clery geography maps.

Daily Crime and Fire Logs

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and the Campus Crime Statistics Act, LMC is required to maintain a Daily Crime and Fire Log. The CCO is responsible for maintaining the logs. The daily crime log is not a general, catch-all incident log. Its specific purpose is to record alleged criminal incidents that are reported and take place within LMC's Clery geography.

LMC may temporarily withhold entries from the daily crime and fire logs only if there is clear and convincing evidence that the release of information would:

1. Jeopardize an ongoing investigation
2. Jeopardize the safety of an individual
3. Cause a suspect to flee or evade detection
4. Result in the destruction of evidence

Once the information is no longer likely to prove harmful, LMC will make the entry on the daily crime and fire logs. If an entry is delayed, LMC will clearly document the reason for doing so.

The Daily Crime Log

Lake Michigan College maintains a Daily Crime Log of reported crimes occurring in LMC's Clery geography. The Daily Crime Log will record specific information about all criminal incidents reported. At a minimum, logs will include the following required elements:

1. Date the crime was reported
2. Date and time the crime occurred
3. Nature of the crime
4. General location of the crime
5. Disposition of the complaint (if known)

Entries in the Daily Crime Log and dispositions of a complaint will be recorded by the CCO within two business days of LMC's receipt of the report. The College is not required to update the disposition of a crime log entry if the disposition changes after 60 days have passed; however, LMC may choose to do so.

The Fire Log

The College maintains a Fire Log of reported fires occurring in LMC's residence hall within two business days. Reports that meet the Clery definition of a "fire" are classified independently. The Fire Log will record specific information about fires reported. At a minimum, logs will include the following required elements.

1. Date the fire was reported
2. Date and time the fire occurred
3. Nature of the fire
4. General location of the fire

If the CCO is unavailable to make an entry in either log, the Administrative Assistant to the CCO is assigned as the backup.

The Crime and Fire Logs will be archived for a minimum of seven years to ensure compliance. LMC will make a hard copy available upon request during normal business hours. Any portion of the log older than 60 days will be made available for public inspection within two business days upon request. All requests should be made to the Department of Accreditation, Strategic Projects, and Quality.

Annual Fire Safety Report

Beckwith Hall Fire Safety

Fire Safety System

Beckwith Hall is LMC’s residential housing and was designed and constructed to meet all fire codes in place at the time of construction. The fire alarm system is monitored by an alarm monitoring company off campus. A full sprinkler system, smoke detection system, and portable fire extinguishers round out our overall protection.

Evacuation Procedures

If a fire is detected or the fire alarm sounds, close your windows, and evacuate the area. Isolate the fire by closing doors as you leave. Do not use elevators. Move quietly and orderly out the nearest exit and away from the building at least 50 feet beyond the outside door and meet in Parking Lot 1 with your designated floor. Find your Resident Assistant in your designated area so they may include you in their floor count. The building should not be re-occupied until an authorized all-clear signal is given. Residence Assistant staff will assist by checking to make sure all floors are cleared and collecting a resident count. The residence hall front desk staff will clear the lobby and take the visitor IDs from the desk. For student safety, students are required to comply with all fire drills.

Fire Drills

LMC had 3 fire drills in the calendar year of 2023, 6/28/23, 8/21/23, and 9/28/23. In addition, a log concerning all fire alarm drills and activations is maintained in the facilities department. On or before January 10 of each year, LMC must submit the annual drills held to the Michigan’s Licensing and Regulatory Affairs (LARA) under the Bureau of Fire Services on a prescribed form by the bureau.

Prohibited Items

Per LMC’s Student Housing Handbook, the below are prohibited items for Beckwith Hall students:

- Adhesives/Wall Mounts
- All small kitchen appliances should only be used/stored in the kitchen.
- Candles/Candle Warmers/Mug Warmer/incense (Will be removed upon finding)
- Decorative Trees (live) | Dartboards (metal/plastic tipped) | Fire/Open Flames (Will be removed upon finding)
- Combustible chemicals such as, but not limited to; gasoline (liquid)/propane. (Will be removed upon finding)
- Motorcycles and other fuel driven engines may not be stored or operated inside Beckwith Hall
- Grills (BBQ) | Space heaters | Lofts (custom) | Pets | Halogen type lamps
- Smoking Materials including Hookahs, Vaping and E-cigarette materials (Will be removed upon finding)
- Weapons: See the Lake Michigan College Weapons Policy for further detail.
- Alcohol/Alcohol Empty Containers (Will be removed upon finding)
- Charcoal of any kind (Will be removed upon finding)
- Drugs: Prescription drugs without proper script and container, Marijuana, Other Illegal Substances including any and all drug paraphernalia, and Hookah pipes. (Will be removed upon finding)

Fire Safety Programs and Education

Pursuant to the Fire Prevention Code, PA 207 of 1941, Section 29.19a (5) requires all instructional staff to be trained in fire drill procedures before the beginning of each academic year. This training includes instructional and residence hall staff regardless of the requirement for conducting drills in the building. The training may be separate or part of the institution’s training in their overall emergency response plans.

Campus Safety Alerts

Timely Warning

Timely Warnings are communications that are issued to the campus community as soon as pertinent information is available regarding a crime that has occurred in order to aid in the prevention of similar incidents. Timely Warnings are issued case-by-case, based on all the facts surrounding a crime. These warnings advise the College community of the situation and do not include confidential victim information. Factors influencing the decision to release a Timely Warning include the nature of the crime, continuing danger to the LMC campus community, and/or the risk of compromising law enforcement efforts. They may also include the type of crime, the date, time, and location of the incident, and suspect information, when applicable.

LMC works closely with local law enforcement agencies to inform the College about crimes which may warrant LMC issuing a Timely Warning. A Berrien County Deputy is assigned to the Benton Harbor Campus to assist with informing the College about such crimes. Timely Warnings will be issued by authorized employees as soon as information is available in consultation with the LMC Clery Compliance Officer (CCO), or designee. Information reported in a Timely Warning may not have been investigated or confirmed at the time of the issuance of the warning. Physical descriptions of a suspect will be included in Timely Warnings only if there are enough details to help distinguish the suspect's appearance from the general population.

Emergency Notification

Emergency Notifications differ from Timely Warnings described above in that Emergency Notifications apply to any immediate threat to the health and safety of students or employees on campus. This may include but is not limited to, certain criminal activity in progress, serious fires, outbreaks of serious illnesses, severe weather conditions, earthquakes, gas leaks, terrorist incidents, armed intruders, bomb threats, civil unrest or rioting, explosions, nuclear power plant emergency, or nearby chemical or hazardous waste spills.

Emergency notifications will be activated by authorized employees immediately upon verification of an incident that meets the above criteria so long as issuance does not compromise efforts to respond to, contain, or otherwise mitigate the emergency.

Communication Systems

LMC uses an automated system to disseminate Timely Warnings and Emergency Notifications broadly to the College's students and employees externally via cell phone text messaging, email, and voice mail notifications.

LMC also utilizes an internal emergency notification system that sends ring and text messages to internal phones and to College IP clocks (located in campus hallways) which provide a visual and audio message. Executive Director, Marketing and Communications, or designee, is responsible for preparing all alerts for dissemination to the College community in coordination with the Clery Compliance Officer and/or Emergency Management Team or Incident Response Team. Communication systems are tested annually.

Emergency Preparedness, Response, and Evacuation Procedures

Medical

Call 911, tell dispatcher (9-911 if calling from a campus phone):

- WHAT happened
- WHERE you are, the building's physical address, and the room
- Retrieve Automated External Defibrillator (AED) if necessary (see building maps for location)

Fire

- All staff and students will leave the building immediately and proceed to the nearest main parking lot

- In the event that the nearest exit is the source of the fire and/or is filled with smoke, use the next nearest exit
- Do NOT use elevators
- Do NOT open the door until you touch it to determine whether it is cool or hot
- Remain in the parking lot until you receive an "All Clear" message

Evacuation

Emergency Preparedness and Response

Lake Michigan College (the College) is committed to providing a safe environment. Pursuant to its obligations under Federal, State, and local laws/regulations, the College has established Emergency Preparedness and Response Plans and Procedures that provide protective measures for the health and safety of students, residents, employees, and guests during an emergency.

The College, through its partnerships with Emergency Management professionals, will continue to maintain the currency of the policies, plans, and procedures and will publish in a manner that reaches students, residents, employees, and guests.

In the event of an emergency that impacts instruction, each Program/Discipline Chair/Director will develop a plan for impacted areas of study. These plans will include all modalities of instruction, including in a comparable space with necessary equipment. Final plans require approval of the Provost & Vice President of Academics. Students will be made aware of changes to classroom formatting verbally and in writing, with updates as needed. In the event of the emergency requiring a change to a course modality, the College will notify students impacted to assure continuity of educational services.

Plan and procedure effectiveness will be monitored through routine practice drills.

Shelter-In-Place

This procedure provides plans of action to react to threats or dangers from an immediate weather event or the release of hazardous materials. In these situations, it may be necessary to seek shelter at a designated location ("Shelter-in-Place"). Shelter-in-Place means to seek immediate shelter and remain there during an emergency rather than evacuate the area. Shelter-in-Place should only be used when an evacuation is not safe. In addition, if notified by the authorities, it may be necessary to seal the premises.

In general:

1. Call 911 and provide information to Emergency Dispatch personnel.
2. Call 6911 on a college phone and alert Facilities Management of the situation. The CERT Team (Community Emergency Response Team) will be activated.
3. Activate the College notification system (Syn-App) to say "A campus/building Shelter-in-Place lockdown has been activated. Proceed to Room# ____ as this is the safe area" with a ring and text message. Visual and audio messages will be provided on the IP Network clocks located in campus hallways.
4. Ensure students and employees are in a safe area; the area will be designated by building.
5. Notify the President and/or Cabinet members.
6. Close and lock exterior doors and windows with NO entrance or exit.
7. Activate the notification system (currently Rave Alert) to alert students and employees to stay away from campus.
8. Remain in position until the "All Clear" signal has been issued.

Hazardous Incident

If hazardous materials have been released into the atmosphere either accidentally or intentionally (including chemical, biological or radiological), a decision to Shelter-in-Place may be the preferred method of safely waiting out the release. The following steps should be taken:

- Move to rooms with no windows that are open. Close all open windows and doors if you cannot move.
- Rooms that have little or no ventilation are preferred.
- Only come out when you are told that it is safe.
- Shut down the air handling system/HVAC.

- Set up an isolation room; employees there should have masks, gloves and booties.
- Contact Dial-A-Ride and stop the bus from coming to campus.

Weather Incident

A severe weather event such as a tornado or wind event may necessitate a Shelter-in-Place until the threat of bad weather has passed. The following steps should be taken:

- Relocate from your work area to a space designated as a weather shelter area on the lower floor away from windows. Each building has identified weather shelter designated areas.
- If moving to a weather shelter area is not possible, move to an interior room with no windows, an interior stairwell if all rooms have windows, or a hallway on the lowest floor.
- Stay in the center of the room away from doors and windows.
- Stay in place until the danger has passed.

Lockdown

There are two types of lockdowns. External Lockdowns are to mitigate threats or dangers outside a building or the general vicinity of a campus. Internal Lockdowns are in reaction to real-time threats, dangers, or acts of violence inside a building. If there is an internal threat in one building, all other buildings on a campus will go to an external lockdown.

Internal Lockdown

All classrooms have “Lockdown Training Material” posted for reference. Steps:

1. Call 9-911 from a College phone and provide information to Emergency Dispatch personnel.
2. Call 6911 from a College phone, which will alert Facilities Management of the situation. The CERT team (Community Emergency Response Team) will be activated.
3. Notify the President and/or Cabinet members.
4. Activate internal notification system (Syn-Apps) to say “We are going into an Internal Lockdown” with an emergency alert using ring and text message. Visual and audio messages will be shown on the IP Network clocks in building hallways.
5. Employees and students should remain in place or move to an area that can be locked.
6. Implement “Lockdown Steps” below.
7. There is no call to action to lock the building outside access points.
8. Do not inhibit law enforcement entry into the building.
9. Activate External Lockdown for all other campus buildings.
10. Activate the notification system (currently Rave Alert) to alert students and employees outside of the building/campus to stay away from campus.

External Lockdown

1. Call 9-911 from a College phone and provide information to Emergency Dispatch personnel.
2. Call 6911 from a College phone, which will alert Facilities Management of the situation. The CERT team (Community Emergency Response Team) will be activated.
3. Notify the President and/or Cabinet members.
4. Activate internal notification system (Syn-Apps) to say “We are going into External Lockdown, at [campus name]” with an emergency alert using ring and text message. Visual and audio messages will be shown on the IP Network clocks in building hallways.
5. Close and lock exterior doors and windows to allow NO entrance or exit.
6. Facilities personnel outside with walk-talkies should return to the closest building and bring others who are outside with them.
7. Employees and students should remain in place or move to an area that can be locked. See “Lockdown Steps” below.
8. Activate the notification system (currently Rave Alert) to alert students and employees outside of the building/campus to stay away from campus.

Lockdown Steps

1. Lock the door if possible and block the door using whatever is available: desks, filing cabinets, and other furniture.
2. Lock windows.
3. If safe, allow others to seek refuge with you.
4. If safe, check halls and restrooms for others.
5. Silence cell phones.
6. After securing the room, people should be positioned out of sight and behind items that might offer additional protection, such as inside walls, desks, filing cabinets, etc.
7. Remain in position until notified; an “All Clear” communication will be provided by law enforcement through the internal notification system (Syn-Apps).

Missing Student Notification

Policy

In compliance with the Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act); this policy describes the actions taken by LMC when a student residing on-campus or living off-campus has been reported missing to the Associate Director of Residence Life; Executive Director, Intercollegiate Athletics and Campus Life; or the Vice President of Student Affairs.

Students will be asked to provide emergency contact information during the admissions application process. Upon move-in to on-campus housing, students regardless of age, can provide information to the College of a missing person contact(s) in addition to an emergency contact (which can be different individuals if the resident chooses) via the housing application and their housing account. This option will be offered to residents annually and can be updated at any time. When a housing or College administrator is informed that a resident of on-campus housing is reported missing, they are required to notify local law enforcement and/or LMC's Campus Officer as well as individuals listed as a missing person and/or emergency contact(s) for the resident within 24 hours of the determination.

Students living in on-campus housing who are under 18 (who are not emancipated) are informed that the College is required to notify a custodial parent or guardian as well as any additional contact person designated by the student within 24 hours after the time the student is determined to be missing. These students are required to identify and provide contact information for their custodial parent or guardian. For students not living on campus and reported missing, a college administrator will notify individuals if they list emergency contacts for the student within 24 hours, that was submitted via their admissions application.

Missing person and/or emergency contact information is recorded confidentially, only accessible to authorized campus officials, and is disclosed only to law enforcement personnel in support of a missing persons investigation.

Procedure

In compliance with the Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act); this procedure describes the actions taken by LMC when a student residing in on-campus or living off-campus has been reported missing.

When a housing administrator is contacted with the information that a student may be missing; the housing administrator will take the following steps:

- Contact the student via the contact information listed in the College's CRM and housing occupancy management software.
- If contact is not possible through those means, the housing administrator will then access the student's suite to try to gain contact with the student's roommates to learn more information about their whereabouts. During this time, the housing administrator will enter the student's assigned room to see if the student is present or if they can learn any information regarding their whereabouts. Campus security staff will assist the housing administrator when requested.
- The housing administrator will check the ID card access system to see the last time the student entered on-campus housing.

If the location of the student cannot be confirmed and is determined missing, it is the responsibility of a housing administrator to notify the Vice President of Student Affairs and contact local law enforcement within 24 hours.

- When the missing student is under 18 years of age and not emancipated, the Vice President of Student Affairs or designee will immediately contact the custodial parent or legal guardian of the student and any other designated
- When the student is over 18 and has identified a missing person and/or emergency contact(s), the Vice President of Student Affairs will notify the person(s) listed.

If a student has identified multiple contacts, they can be contacted in an order determined by LMC. If the first person contacted confirms that the student is not missing, the College will continue to contact each additional person listed unless LMC has directly made contact with the missing student. If the College is not successful in contacting the named person(s), LMC will document attempts made in the College's Maxient/reporting system.

If the student is reported missing and is off campus the Vice President of Student Affairs will attempt to contact the emergency contacts via LMC's CRM software.

Institutional Policies

Clery Act Compliance

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46. The Clery Act requires colleges and universities participating in federal financial aid programs to comply with various requirements related to safety on campus. LMC is committed to providing a safe learning and working environment, consistent with its obligations under the Clery Act. In accordance with the Clery Act, the College strives to provide students, faculty, and staff with access to accurate and timely information about reported Clery crimes that have occurred within the College's Clery geography and access to college-wide safety and security policies and procedures. The College is committed to protecting the privacy of individuals involved in the reporting, investigation, and resolution of incidents of crime.

- Arrests and referrals for disciplinary action for weapons (carrying, possessing, etc.), drug abuse, and liquor law violations.

The College contracts with Berrien County Sheriff's Department to provide a deputy as LMC's Campus Officer. This partnership creates a basis for a relationship with state and local law enforcement agencies. The College's Campus Officer investigates criminal incidents occurring on campus and is responsible for enforcing federal, state, and local laws (including arrests), as well as applicable College policies. This position also supports other local and state law enforcement agencies. The Campus Officer's jurisdiction is to exercise police authority to LMC's campus as well as to Berrien County. The College also contracts unarmed security personnel to regularly patrol the parking lots and buildings providing students and employees safety/security-related support. LMC contracts security guard services at the Benton Harbor Campus year-round 24 hours per day with additional contract support for special events and during academic evening classes at all on-campus locations.

Victims, witnesses, students, employees, CSAs and/or community members are able to report crimes in a voluntary, confidential manner. The College encourages prompt reporting of all crimes into the College's Maxient system. The College's professional counselors are not required to report crimes that have been shared during counseling sessions.

Grievance – Discrimination

Process

Any person who believes that Lake Michigan College (“College”) or any part of the College has inadequately applied the principles and/or regulations of Title VI, Title IX, and/or Age Discrimination Act, may bring forward a complaint (referred to as a “grievance”) to the Executive Director, Human Resources.

A grievance relating to Section 504 should be directed to the Director, Student Wellness & Accessibility.

The Executive Director, Human Resources and the Director, Student Wellbeing & Accessibility are referred to below as the “Executive in Charge.”

The Executive in Charge, on request, will provide a copy of – or directions to find – this grievance procedure and the regulations on which this procedure is based.

Procedure

All grievances must be signed by the complainant and must specify the date(s) on which the complained of action occurred, the policy or law that is claimed violated, the facts upon which the complainant relies, and the relief requested.

A complainant must put in a single grievance every claim that they have arising out of the same transaction or occurrence, even where it is asserted that the transaction or occurrence has violated more than one policy or law. A complainant is prohibited from filing more than one grievance concerning the same transaction or occurrence.

A person who believes they have a valid basis for a grievance should discuss the grievance informally and on a verbal basis with the Executive in Charge, who will in turn investigate the grievance and reply with an answer to the grievance. If the complainant is unsatisfied with the response, they may then initiate formal procedures according to the following steps.

Step 1: A written grievance signed by the complainant must be submitted to the Executive in Charge within 5 business days of receipt of answer to the informal complaint. The Executive in Charge will investigate the grievance and reply in writing to the complainant within 5 business days.

Step 2: If the complainant wishes to appeal the decision of Executive in Charge, they may submit a signed statement of appeal to the President within 5 business days after receipt of Executive in Charge’s response. The President will meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within 10 business days.

Step 3: If the complainant remains unsatisfied, they may appeal through a signed, written statement to the Board of Trustees (“Board”) within 5 business days of receipt of the President’s response. The Board will meet with the concerned parties and their representatives within 30 business days of receipt of an appeal. The complainant, at their discretion, may request a closed meeting with the Board. The Board’s disposition of the appeal will be sent to each party within 10 days of the meeting.

Step 4: If at this point the grievance has not been satisfactorily settled, further appeal may be made to the Office of Civil Rights, Department of Education, Washington, DC 20201.

Non-Discrimination

Lake Michigan College (the College) is an equal opportunity institution, affording enrollment, employment, and services without distinction based on age, color, disability, gender identity or expression, genetics, national origin, protected veteran status, race, religion, sex, sexual orientation or any other characteristic protected by federal state, or local laws.

Admission to the College is addressed in the Admissions policy, which states that the College has an “open door policy”. Because of this open-door policy, diversity is not considered regarding admissions. This commitment to equal opportunity encompasses all individuals. The College commits that every individual will have the right to personnel, employment, and College business practices that provide equal opportunity and equity.

Specifically, the College commits that every student will have the right to:

- access all courses, including career education courses and programs;
- physical education and participation in interscholastic, intramural and club athletics, if offered;
- equal treatment, including financial aid assistance, counseling, employment assistance, honors and awards, and extracurricular activities.

Questions regarding a person’s rights under Title VI of the Civil Rights Act of 1964 (“Title IV”), Title IX of the Education Amendments of 1972 (“Title IX”), and/or Age Discrimination Act of 1975 (“Age Discrimination Act”) should be directed to the Executive Director, Human Resources.

Questions regarding a person’s rights under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) should be directed to the Director, Student Wellbeing & Accessibility.

Inquiries concerning the Non-Discrimination policy may be directed to Director, Officer for Civil Rights, Department of Education, Washington, DC 20201.

Inquiries or complaints by students, prospective students, employees, employment applicants, and persons providing services to or for the College that concern non- discrimination policies or procedures should be directed to the Executive Director, Human Resources or the Michigan Department of Civil Rights, whose contact information can be found on their website.

GRIEVANCES

A discrimination grievance is an unresolved complaint by an employee or student that there has been a violation or misinterpretation of the Non-Discrimination policy or of any anti-discrimination provisions of law.

The following are not subject to the grievance procedure:

- decisions to reduce the workforce;
- contents of evaluations;
- modification or repeal of policy; or
- modification or repeal of a procedure unless it violates a policy.

No act of retaliation will be made to any person making a charge, filing a complaint, testifying, or participating in any discrimination investigation or proceeding.

The College will investigate each complaint according to its Grievance – Discrimination procedure and will, upon request, provide a copy of the College grievance procedure.

Protection from Retaliation

Anyone who reports a suspected policy violation in good faith will be protected from retaliation. “Retaliation” is defined as when an adverse action is taken against an employee for participating in a protected activity.

An “adverse action” is defined as an action taken to try to keep someone from opposing an alleged College policy violation, or from participating in a proceeding related to an alleged policy violation. Examples of adverse actions include employment actions such as termination, refusal to hire, or denial of promotion; other actions affecting employment such as threats, unjustified negative evaluations, unjustified negative references, or increased surveillance; and any other action such as an assault or unfounded civil or criminal charges that are likely to deter reasonable people from pursuing their rights. Adverse actions do NOT include petty slights and annoyances, such as a negative comment in an otherwise positive or neutral evaluation, “snubbing” a colleague, or negative comments that are justified by an employee’s poor work performance or history.

For purposes of this policy, “protected activity” means opposing or reporting alleged violations of College policies, participating in proceedings related to claimed policy violations, or requesting accommodations permitted under College policies. Protected activity includes opposition to a practice believed to be in violation of College policies, such as informing a manager or supervisor that a College policy is being violating. Such opposition is protected from retaliation as long as it is based on a reasonable, good-faith belief that the complained of practice violates College policies and the manner of the opposition is reasonable.

To protect against retaliation, the College will intervene early in sensitive areas where retaliation may be a particular concern, promptly investigate claims of alleged retaliation, train managers and employees in expectations for not engaging in retaliation, and pursue discipline as needed if retaliation is confirmed.

Smoking and Nicotine Policy

Smoking and the use of nicotine on all LMC campuses is prohibited except in personal vehicles and designated exterior smoking areas only. This applies to any property owned or maintained by the College, including inside all buildings (including Beckwith Hall), exterior open spaces except where designated, sidewalks, recreational spaces, vehicles owned or leased by the College, and parking lots (except in personal vehicles.)

This policy applies to employees, students, visitors as well as consultants, and contractors and their employees.

Smoking is defined as, but not limited to:

- lighting, smoking, or carrying a lighted or smoldering cigar, cigarette, or pipe of any kind
- use of any product intended to mimic tobacco products, containing tobacco flavoring, or delivering nicotine other than for purposes of cessation.
- use of smokeless tobacco, which includes chewing tobacco, dipping tobacco (dip), snuff, nasal tobacco (snus) and/or any other variation of smokeless tobacco product.

- use of electronic or mechanical nicotine delivery systems and vaping, including electronic cigarettes, pipes, cigars, and atomizers or mechanical devices such as mechanical personal vaporizers (MPVs) that use mechanical magnetic switches for activation. While the College recognizes that these products may not contain tobacco, their use looks similar to regular tobacco products and therefore gives the appearance of smoking.

Smoking as defined above or the use of tobacco products in any form is only permitted on stage as part of a theatrical production.

In accordance with the Drug Free Workplace/Drug & Alcohol Abuse Prevention Program policy, smoking any controlled substance on College premises is prohibited and will constitute grounds for discipline, up to and including termination and referral for prosecution.

Cessation

The College is committed to supporting individuals to become nicotine free. Nicotine replacement therapy products (e.g., nicotine patches, gum) for the purpose of cessation are permitted provided they do not give the appearance of smoking. Employees may contact Human Resources for information on available cessation programs.

Title IX Sexual Harassment

Lake Michigan College (the College) is committed to providing a workplace and educational environment that is free from sexual harassment and retaliation. This policy is intended to ensure compliance with federal and state civil rights laws and regulations and to affirm the College's commitment to promoting the goals of fairness and equity in all aspects of educational programs or activities.

This policy is based on definitions set forth in regulations promulgated by the U.S. Department of Education under Title IX of the Educational Amendments Act of 1972. This policy limits the scope of Title IX Sexual Harassment to, among other things, conduct that occurs within College education programs or activities.

Specifically, this policy addresses sexual harassment, sexual assault, domestic violence, dating violence, and stalking. Other misconduct that may not fall within the definitions in this policy will be subject to the Student Code of Conduct and/or employee conduct policies.

The College will respond to reports of conduct prohibited under this policy with measures designed to stop the prohibited conduct, prevent its recurrence, and remediate any adverse effects of such conduct on campus or within related College programs or activities.

The College will respond promptly and supportively to persons alleged to be victimized by sexual harassment; resolve allegations of sexual harassment promptly and accurately under a predictable, fair grievance process that provides due process protections to alleged victims and alleged perpetrators of sexual harassment; and effectively implement remedies for victims.

In determining whether alleged conduct violates this policy, the College will consider the totality of the facts and circumstances involved in the incident, including the nature of the alleged conduct and the context in which it occurred. The College reserves the right to impose any level of sanction, ranging from a reprimand up to and including suspension or expulsion/termination, for any offense under this policy.

Policy of Non-discrimination

Definition of Sexual Harassment

The College has adopted the following definition of sexual harassment. Note that acts of sexual harassment may be committed by any person upon another person, regardless of the sex, sexual orientation, and/or gender identity of those involved.

Sexual harassment, as an umbrella category, includes the actual or attempted offenses of sexual harassment, sexual assault, dating violence, domestic violence, and stalking, defined as follows.

Sexual Harassment

Defined as unwelcome sexual conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies an individual(s) equal access to the College's education program or activity.

Sexual harassment may be repeated acts or be a single act that is sufficiently severe to have a systemic effect of denying a Complainant equal access to an education program or activity.

Elements of severity, pervasiveness, and objective offensiveness must be evaluated in light of the known circumstances and depend on the facts of each situation and must be determined from the perspective of a reasonable person standing in the shoes of the Complainant.

Sexual Assault

Defined as any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. This includes:

- Rape: The carnal knowledge of a person, without consent.
- Sodomy: Oral or anal sexual intercourse with another person, without consent.
- Sexual Assault with an Object: To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal openings of the body of another person without consent.
- Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without consent.
- Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent. In Michigan, the age of consent is 16.

Sexual assault does not require a showing of severity, pervasiveness, or objective offensiveness.

Dating Violence

Defined as violence committed by an individual who is or has been in a social relationship of a romantic or intimate nature with another individual. The existence of such a relationship will be determined based on the reporting individual's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship. This includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not cover acts covered under the definition of domestic violence. Dating violence does not require a showing of severity, pervasiveness, or objective offensiveness.

Domestic Violence

Defined as felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving

grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the laws of the State of Michigan. Domestic violence does not require a showing of severity, pervasiveness, or objective offensiveness.

Stalking

Defined as engaging in a course of conduct directed at a specific individual that would cause a reasonable person to: (a) fear for the individual's safety or the safety of others; or (b) suffer substantial emotional distress.

Course of Conduct means two or more acts, including acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about an individual, or interferes with an individual's property.

Stalking does not require a showing of severity, pervasiveness, or objective offensiveness.

As used above, the following definitions apply:

- **Force** means the use of physical violence and/or physical imposition to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that is intended to overcome resistance or produce consent.
- **Coercion** means unreasonable pressure for sexual activity. When someone makes clear that they do not want to engage in certain sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.
- **Consent** means a voluntary, informed, un-coerced agreement through words or actions that freely given, and which could be reasonably interpreted as a willingness to participate in mutually agreed upon sexual acts. Consensual sexual activity happens when each partner willingly and affirmatively chooses to participate. Important points regarding consent include:
 - Consent to one act does not constitute consent to another act.
 - Consent on a prior occasion does not constitute consent on subsequent occasions.
 - The existence of prior or current relationship does not, in itself, constitute consent.
 - Consent can be withdrawn or modified at any time.
 - Consent is not implicit in an individual's manner or dress.
 - Silence, passivity, or lack of resistance does not necessarily constitute consent.
- **Incapacitation** means a state when an individual's perception or judgement is so impaired that the individual lacks the cognitive capacity to make or act on conscious decisions. The use of drugs or alcohol can cause incapacitation. An individual who is incapacitated is unable to consent to sexual activity. Engaging in sexual activity with an individual who is incapacitated (and therefore unable to consent), where an individual knows or should have reasonably understood that the individual is incapacitated, constitutes Title IX Sexual Harassment as defined in this policy. This policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs.

Definition of Retaliation

The College and any member of the College community are prohibited from taking materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. The College will take all appropriate and available steps to protect individuals who fear that they may be subjected to retaliation.

Complaints of retaliation will be handled in accordance with the grievance process outlined in this policy. Charging a party for violating the *Student Code of Conduct* and/or employee conduct policies for filing a materially false statement in bad faith does not constitute retaliation provided that a determination regarding responsibility, alone, is not sufficient to conclude that the materially false statement was made in bad faith.

The exercise of rights protected under the First Amendment does not constitute retaliation.

Privacy

In all proceedings under this policy, the College will take into consideration the Privacy of the parties to the largest extent possible. The College reserves the right to determine which College officials have a legitimate educational interest in being informed about incidents that fall within this policy, pursuant to the *Family Education Rights & Privacy Act (FERPA)*.

In light of the College's obligation to respond promptly and effectively to individuals alleged to be victimized by sexual harassment, employees who are not designated as a Confidential Resource are required to notify the Title IX Coordinator of suspected violations of this policy, and cannot guarantee the confidentiality of a reporter under this policy.

At the request of the Complainant, notice may be given by an Employee to the Title IX Coordinator anonymously, without identification of the Complainant. The Employee cannot remain anonymous themselves.

Anonymous allegations will be investigated by the College to the extent possible, both to assess the underlying allegation(s) and to determine if supportive measures or remedies can be provided. However, anonymous allegations typically limits the College's ability to investigate, respond, and provide remedies, depending on what information is shared.

If a Complainant has requested that an Employee maintain a Complainant's anonymity, the Employee may do so unless it is reasonable to believe that a compelling threat to health and/or safety could exist. The Employee can consult with the Title IX Coordinator on that assessment without revealing personally identifiable information.

Timeliness of Reporting

Complainants and other reporting individuals are encouraged to report any violations of this policy as soon as possible to maximize the College's ability to respond promptly and effectively. Reports and formal complaints may be made at any time without regard to how much time has elapsed since the incident(s) in question. If the Respondent is no longer a student or employee at the time of the report or formal complaint, the College's ability to investigate, respond and provide remedies may be more limited or impossible.

Acting on a report or formal complaint significantly impacted by the passage of time (including but not limited to, the rescission or revision of policy) is at the discretion of the Title IX Coordinator, who may document allegations for future reference, offer supportive measures and/or remedies, and/or engage in informal or formal actions as appropriate.

Making a Complaint of Sexual Harassment

Complaints of sexual harassment and/or retaliation may be made using any of the following options:

- File a complaint with, or give verbal notice to, the Title IX Coordinator. A report may be made at any time (including non-business hours) using the telephone number, email address or by mail to the office address listed for the Title IX Coordinator.
- [Report online, using the reporting form.](#)

Anonymous reports are accepted; however, anonymous reports limit the ability of the College to provide the complainant supportive measures.

Complaint Process

Any student, employee or third-party who believes that they have been subject to discrimination and/or harassment, as defined above, or in violation of this policy or state and federal law, may file a complaint with a Title IX Coordinator.

The College will take reasonable steps to ensure that any reporting forms, information, or training about sexual discrimination/harassment will be provided in a manner accessible to students or employees who are English language learners.

A complaint under this policy may be filed against the College, against an employee of the College, against a student of the College, against a third-party, or against a group.

A complaint may be filed against more than one Respondent or by more than one Complainant against one or more Respondents so long as the allegations of sexual harassment arise out of the same facts or circumstances and are so intertwined that the allegations directly relate to all of the parties.

Any Complainant who believes that they have been subject to sexual harassment may also file a complaint with local law enforcement.

Upon receipt of a formal complaint, the Title IX Coordinator will then conduct an initial assessment for the sole purpose of determining whether the alleged conduct, if substantiated, would constitute sexual harassment under this policy. Following the initial assessment, the Title IX Coordinator may take any of the following steps:

- If the allegations forming the basis of the formal complaint would, if substantiated, constitute sexual harassment as defined in this policy, the Title IX Coordinator will implement appropriate supportive measures. In addition, the Title IX Coordinator will initiate an investigation of the allegations. However, if the Title IX Coordinator thinks the formal complaint appropriate for the informal resolution process, upon the consent of both parties, the Title IX Coordinator may instead refer the matter to the informal resolution process.
- If the allegations forming the basis of the formal complaint would not, if substantiated, constitute sexual harassment as defined in this policy, the Title IX Coordinator will dismiss the complaint as a Title IX Complaint. The Title IX Coordinator may also refer the allegations for resolution under other policies.

In addition, at any time prior to the hearing, the College may dismiss a formal complaint if:

- The Respondent is no longer enrolled or employed at the College.
- Specific circumstances prevent the College from gathering sufficient evidence to reach a determination as to the formal complaint or the allegations therein.

Upon dismissal, the Title IX Coordinator will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties via electronic format. Both parties will have equal right to appeal the dismissal.

Written Notice of Complaint

The Title IX Coordinator will send a written notice to each party of the allegations. The written notice will contain the following information:

- A brief explanation of the Grievance Process (Informal and Formal) and a copy of this policy.

- A statement of the alleged conduct that might constitute sexual harassment with sufficient detail for Respondent to prepare response. At a minimum this should include the date, time, location, and parties involved in the conduct addressed by the allegations.
- A statement that Respondent is presumed not responsible unless and until a determination of responsibility is reached at the conclusion of the process.
- Notice that each party has the right to an Advisor of their choice.
- A statement explaining each party's right to inspect and review evidence gathered during investigation.
- A statement that false statements are prohibited by College policy and may result in discipline.
- A list of potential sanctions upon a finding of responsibility.

A new written notice will be sent during the investigation if new allegations are discovered that will be addressed in the Grievance Process.

Supportive Measures

The College will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged sexual harassment and/or retaliation. At the time the supportive measures are offered, the College will inform the Complainant, in writing, that they may file a formal complaint with the College either at that time or in the future, if they have not done so already.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties, before or after the filing of a formal complaint or where no formal complaint has been filed, to restore or preserve access to College educational programs or activities, including measures designed to protect the safety of all parties or the College's educational environment, and/or deter sexual harassment and/or retaliation.

The Title IX Coordinator works with each party to ensure that their wishes are taken into account with respect to the supportive measures that are planned and implemented.

The College will implement measures in a way that does not unreasonably burden the other party. These actions may include, but are not limited to:

- Referral to counseling, medical, and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Student financial aid counseling
- Altering campus housing assignment
- Altering work arrangements for employees or student-employees
- Safety planning
- Providing campus safety escorts
- Providing transportation accommodations
- Implementing contact limitations (no contact orders) between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments
- Issuing a No Trespass notice
- Class modifications, withdrawals, or leaves of absence
- Increasing security and monitoring of certain areas of the campus

The College will maintain as confidential any supportive measures provided to the Complainant or Respondent to the extent that maintaining such confidentiality would not impair the ability of the College to provide the supportive measure.

All individuals are encouraged to report concerns about the failure of another to abide by any restrictions imposed by supportive measures. The College will take immediate action to enforce a previously implemented measure and disciplinary sanctions can be imposed for failing to abide by the College-imposed measures.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Emergency Removal

In connection with this policy, whether or not a grievance process is underway, the College may summarily remove an individual from an educational program or activity on an emergency basis, after undertaking an individualized safety/risk assessment, and upon the determination that the individual poses an immediate threat to the physical health or safety of any student or other individual (including themselves, the Respondent, the Complainant or any other individual).

The safety/risk analysis will be performed by the Title IX Coordinator in conjunction with the Behavioral Intervention Team.

When an emergency removal is imposed, the student will be given notice of the action and the option to request to meet with the Title IX Coordinator prior to such action/removal being imposed, or as soon thereafter as reasonably possible, to show cause why the action/removal should not be implemented or should be modified.

This meeting is not a hearing on the merits of the allegation(s), but rather is an administrative process intended to determine solely whether the emergency removal is appropriate.

When the meeting is not requested (in a timely manner), objections to the emergency removal will be deemed waived.

Standard of Proof

The standard of proof under this policy is a preponderance of the evidence. A finding of responsibility by a preponderance of the evidence means that it is more likely than not, based on all the evidence and reasonable inferences from the evidence, that the Respondent violated this policy.

Presumption of Non-Responsibility

The Respondent is presumed to be not responsible for the alleged conduct unless and until a determination regarding responsibility is made at the conclusion of the grievance process.

False allegations and Evidence

Deliberately false and/or malicious accusations under this policy are a serious offense and will be subject to appropriate disciplinary action. This does not include allegations that are made in good faith but are ultimately shown to be erroneous or do not result in a policy violation determination.

Additionally, witnesses and parties knowingly providing false evidence, tampering with or destroying evidence, or deliberately misleading an official conducting an investigation can be subject to discipline under this and other policies.

Prior Sexual Behavior

The Complainant's predisposition or prior sexual behavior are not relevant and will not be used during the grievance process, unless offered to prove that someone other than the Respondent committed the

conduct alleged by the Complainant, or if the questions and evidence concerns specific incidents of the Complainant's prior sexual behavior with the respect to the Respondent and are offered to prove consent.

Conflict of Interest

All individuals who have responsibility in administering the grievance process under this policy must be free of any conflicts of interests or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and will be trained as provided by federal regulations. A party that has concerns regarding conflict of interest or bias of any individual performing a role in the Title IX grievance process must report those concerns to the Title IX Coordinator within 48 hours of being notified of their identities and include a brief explanation of the basis for the conflict or bias concern. The Title IX Coordinator will assess the allegations of conflict or bias to determine whether or not the identified individual(s) can fulfill their duties in an impactful way. If the Title IX Coordinator concludes that the facts and circumstances support the claim of conflict or bias, the pertinent individual(s) will not participate in the case.

Advisor

Either Party may be assisted during their process by an Advisor of their choice. If necessary, the College may provide a party with an Advisor without charge. The role of the Advisor is narrow in scope: the Advisor may attend any interview or meeting connected with the grievance process, but the Advisor may not actively participate in interviews and may not serve as a proxy for the party. The Advisor may attend the hearing and may conduct cross-examination of the other party and any witnesses at the hearing; otherwise the Advisor may not actively participate in the hearing.

Promptness

The general timeframes outlined in this policy may be temporarily delayed or extended if the Title IX Coordinator finds that good cause exists for the delay or extension. Written notice of the delay/extension will be provided to all parties and along with the cause of the delay/extension and an estimate of the anticipated additional time that will be needed as a result of the delay/extension.

When a Complainant Does Not Wish to Proceed

If a Complainant does not wish for their name to be shared, does not wish for an investigation to take place, or does not want a formal complaint to be pursued, they may make such a request to the Title IX Coordinator, who will evaluate that request in light of the duty to ensure the safety of the campus and to comply with state or federal law.

The Title IX Coordinator has ultimate discretion over whether the College proceeds when the Complainant does not wish to do so, and the Title IX Coordinator may sign a formal complaint to initiate a grievance process.

A compelling risk to health and/or safety may result from evidence of patterns of misconduct, predatory conduct, threats, abuse of minors, and use of weapons and/or violence. The College may be compelled to act on alleged employee misconduct irrespective of a Complainant's wishes.

When the Title IX Coordinator executes the written complaint, they do not become the Complainant. The Complainant is the individual who is alleged to be the victim of conduct that could constitute a violation of this policy.

When the College proceeds, the Complainant (or their Advisor) may have as much or as little involvement in the process as they wish. The Complainant retains all rights of a Complainant under this policy irrespective of their level of participation. Typically, when the Complainant chooses not to participate, the

Advisor may be appointed as proxy for the Complainant throughout the process, acting to ensure and protect the rights of the Complainant, though this does not extend to the provision of evidence or testimony.

Note that the College's ability to remedy and respond to notice may be limited if the Complainant does not want the College to proceed with an investigation and/or grievance process. The goal is to provide the Complainant with as much control over the process as possible, while balancing the College's obligation to protect its community.

In cases in which the Complainant requests confidentiality/no formal action and the circumstances allow the College to honor that request, the College will offer informal resolution options, supportive measures, and remedies to the Complainant and the community, but will not otherwise pursue formal action.

If the Complainant elects to take no action they can change that decision if they decide to pursue a formal complaint at a later date. Upon making a formal complaint, a Complainant has the right and can expect to have allegations taken seriously by the College and to have the incidents investigated and properly resolved. Note that delays may limit access to evidence or present issues with respect to the status of the parties.

Informal Resolution

The College permits informal resolutions processes in cases in which a formal complaint has been filed with the Title IX Coordinator. An informal resolution can include three different approaches:

- When the Title IX Coordinator can resolve the matter by providing supportive measures (only) to remedy the situation or believes the matter can be resolved through an alternate resolution.
- When the parties agree to resolve the matter through an alternate resolution mechanism, usually before a formal investigation takes place.
- When the Respondent accepts responsibility for violating this policy and is willing to accept a sanction and end the resolution process.

The informal resolution process is voluntary, remedies-based process designed to provide parties with an option to resolve disputes with other students in a forum that is separate and distinct from the formal grievance process under this policy.

Prior to implementing an informal resolution, the College Ombudsperson (who is responsible for the informal resolution process) will provide both parties with written notice disclosing the allegations, the requirements of the informal resolution process and any outcomes resulting from participating in the informal resolution process. The Title IX Coordinator has five business days to refer the matter to the Ombudsperson once the informal resolution option has been identified.

The parties must submit in writing, within three business days of being contacted by the Ombudsperson, that they voluntarily wish to resolve the matter through the informal resolution process.

Once terms through the informal resolution process have been created, the Ombudsperson has three business days to submit, in writing, the agreement to both parties.

Both parties have five business days to sign and submit the informal resolution agreement. If for some reason a party does not sign and submit the informal resolution agreement the matter is referred back to the Title IX Coordinator by the Ombudsperson within three business days. The Title IX Coordinator will then initiate the formal resolution/grievance process.

The informal resolution agreement is not subject to appeal once all parties indicate their written approval to all agreed upon terms of the resolution. When parties cannot agree on all terms of the resolution, the formal resolution/grievance process will resume.

When a resolution is accomplished, the appropriate sanctions are promptly implemented in order to effectively stop the sexual harassment or retaliation, prevent its recurrence, and remedy the effects of discriminatory conduct, both on the Complainant and the College community.

Any party participating in the informal resolution process can stop the process at any time and begin or resume the formal resolution/grievance process.

The informal resolution process is available in matters involving a student Complainant and a student Respondent. The informal resolution process is not available in matters involving a student and an employee.

Formal Resolution Process

Should the matter not be resolved through Informal Resolution, the Title IX Coordinator will appoint an Investigator(s), Grievance Hearing Panel and Appeal Panel. The role of each is discussed below.

Respondents will be presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Formal Resolution Process.

It is the College's burden to establish that the conduct did occur as alleged and that the conduct, if it occurred, violates College policy.

A Respondent is not required to prove consent and a Complaint is not required to prove the absence of consent.

Both inculpatory and exculpatory evidence will be considered by the Investigator, Grievance Hearing Panel, and Appeal Panel. Inculpatory evidence is evidence that shows, or tends to show, a person's involvement in an act, or evidence that can establish responsibility. Exculpatory evidence is evidence favorable to exonerate an individual from responsibility.

Investigation

The Title IX Coordinator will assign trained Investigator(s) to investigate the complaint.

The investigation will include interviewing the Complainant, the Respondent, and any witnesses identified. Both the Complainant and the Respondent are entitled to identify witnesses, including expert witnesses, to be interviewed in the investigation.

The investigation will also include reviewing any appropriate documentation and/or policies, reviewing law enforcement investigation documents, if applicable, reviewing student and/or personnel files, and gathering and examining other relevant documents or evidence, and any other action(s) the Investigator deems necessary to completing the investigation.

The Complainant and the Respondent have the right to have an Advisor present during any interview(s) or other meetings associated with the Grievance Process. The Advisor may not participate in the interview process and must remain silent during this phase of the Grievance Process.

Prior to commencing the investigation the Investigator(s) must disclose any conflict of interest between him/herself and either party, and in the event of any conflict, a qualified and trained unbiased replacement

will be appointed. A party objecting to the Investigator on the basis of a conflict of interest must raise the objection during this phase of the Grievance Process; otherwise, the objection is deemed waived.

Notices of interviews or meetings sent to parties and witness will include the date, time, location, participants and purpose of the interview or meeting. The notice must be provided sufficiently in advance to allow the party or witness to prepare.

Investigators will not access, consider, disclose or otherwise use a party's records that are maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in professional capacity and are made/maintained in that capacity without voluntary written consent. Consent for a minor under FERPA is required from a parent.

The Investigator will document in writing his/her findings and determination in an Investigation Report. Ten days before the Investigation Report is completed, the Investigator will provide access to all evidence directly related to the allegations to the Parties and the Advisor, if any. Parties may provide a written response to the evidence no later than 10 days after being provided access. Within 20 days after parties are provided access to evidence the Investigator will issue the Investigatory Report which will summarize the Investigatory process, the facts gathered during the investigation, and any response to the facts provided by a party as well as state the Investigator's finding of facts.

If the College learns of discrimination/harassment in the absence of a direct complaint being filed by the student, such as from a member of the local community, social networking sites, or the media, the College will investigate or otherwise determine what occurred.

If an investigation reveals that sexual violence created a hostile environment, the College will take prompt and effective steps reasonably calculated to end the sexual violence, eliminate the hostile environment, prevent its recurrence, and, as appropriate, remedy its effects.

Hearing

Prior to commencing the Grievance Hearing process the Hearing Chair will disclose any conflict of interest between him/herself and either party, and in the event of any conflict, a qualified and trained unbiased replacement will be appointed. A party objecting to a Hearing Chair on the basis of a conflict of interest must raise the objection during his phase of the Grievance Process; otherwise, the objection is deemed waived.

Upon notice from the Title IX Coordinator an investigation has concluded, the Hearing Chair will, within 10 days, set a hearing date, time, and place. Once a hearing date, time, and place has been determined, the Hearing Chair will provide written notice of the hearing date, time, and place to all interested Parties. The notice of the hearing must be provided to all interested parties at least 10 days before the date and time of the scheduled hearing.

Either party may request that the hearing be conducted with each party in separate rooms, in which case the hearing will be conducted using technology allowing all parties to see and hear each other. If a party or parties prefer not to attend or cannot attend the hearing in person, the party should request alternative arrangements from the Hearing Chair at least five business days prior to the hearing.

Grievance Hearing will be closed to the public in order to protect the confidential nature of the proceedings. Any student or employee requiring accommodations for the hearing must make the request for such accommodations at least five days prior to the hearing. In the event that an essential accommodation cannot be provided by the College by the date of the hearing, the hearing will be

rescheduled with the respective date to be no more than one week later. The Hearing Chair will be responsible for ensuring that procedural matters are followed.

Deviations from prescribed procedures will not necessarily invalidate a decision or proceeding unless the deviation causes significant prejudice to a student, employee, or the responding party.

No party will be permitted to make an audio recording of the proceeding. The hearing will be transcribed by the College, and a transcript of the hearing will be made available to the parties, their Advisor, the Appeal Chair, and will be kept by the Title IX Coordinator.

During the Grievance Hearing both Advisors for both Complainant and Respondent may be present but will not be permitted to participate in the process except for the limited purpose of conducting cross-examination of the other party and witnesses.

The Grievance Hearing will proceed in the following order:

- Hearing Panel's explanation of the Procedure and Rules
- Statement of the Investigator's Findings and Conclusion
- Complainant's Opening Statement (limited to 15 minutes)
- Respondent's Opening Statement (limited to 15 minutes)
- Presentation of the Complainant's witnesses and evidence
- Presentation of the Respondent's witnesses and evidence
- Complainant's Closing Statement (limited to 15 minutes)
- Respondent's Closing Statement (limited to 15 minutes)

During the presentation of evidence, each party will have the opportunity to call witnesses (including experts) on their behalf after which the opposing party through their Advisor will have the opportunity to question the witness.

During cross-examination Parties and Advisors must conduct themselves in a respectful, non-abusive, and non-intimidating manner. Advisors are not entitled to object to relevancy issues during the hearing.

In the judgment of the Hearing Chair, each party may be granted a short recess for the purpose of conferring with their Advisor.

During the presentation of evidence, the Hearing Panel is permitted to ask for clarification from witnesses. The Hearing Chair will make a relevancy determination regarding each question asked during cross-examination before the question is answered and will explain why it is not relevant.

Upon conclusion of the Grievance Hearing, the Hearing Panel will make a determination based a preponderance of evidence as to whether the alleged conduct occurred or did not occur, and if the conduct occurred if the conduct constituted a violation of this policy and the appropriate sanction(s). In reviewing the decision of the Investigator, the Hearing Panel may substitute its assessment for the findings, conclusion, and decision of the Investigator.

The Hearing Chair will provide a written report (Notice of Outcome) of the Hearing Panel's findings and determinations in writing to all parties, their Advisors, and the Title IX Coordinator within 10 days after the hearing. The Notice of Outcome will be shared with the parties simultaneously. Notification will be made in writing and may be delivered in person, mailed to the permanent address of the parties or emailed to the parties' College-issued email. Once mailed, emailed and/or delivered in person, notice will be presumptively delivered.

The Notice of Outcome will articulate the specific policy(ies) reported to have been violated, including the relevant policy section, and will contain a description of the procedural steps taken by the College from the receipt of the misconduct report to the determination, including any and all notifications to parties, interviews with parties and witnesses, site visits, methods used to obtain evidence, and hearings held. It will also include specific findings on each alleged policy violation, the findings of fact that support the determination; conclusion regarding the application of the relevant policy to the facts at issue; a statement of, and rationale for, the results of each allegation, any sanctions issued and any remedies provided to the Complainant designed to ensure access to College educational or employment program or activity.

The Notice of Outcome will also include information on when the results are considered by the College to be final, any changes that occur prior to finalization, and the relevant procedures and bases for any available appeal options.

Sanctions will be imposed upon a finding that a student or employee has violated this policy. A student or employee who fails to complete the sanction will be considered to have committed another violation of this policy. Violations involving impairment from the voluntary use of alcohol and/or use of drugs (other than medically necessary) will be considered an aggravating, and not a mitigating, factor in sanctioning. All sanctions become part of a student's file or employee's personnel file. The College may withhold awarding a degree or any other academic achievement, otherwise earned, until the completion of the process set forth in this policy, including appeals and the completion of any and all sanctions imposed.

Potential sanctions for students found by the College to have violated this policy may include, but are not limited to, the following:

- **Account Hold** means restricted access to an individual's registration, grades, and/or transcript.
- **Disciplinary Probation** means a specified period of time, with a minimum of one semester, requiring the student to avoid a recurrence of any conduct that violates any College policy that may result in additional College sanctions including suspension or expulsion.
- **Educational Assignment** means a learning opportunity, including, but not limited to, drug and alcohol education and written papers, designated to be completed by the student. An alcohol and drug assessment and/or behavioral health assessment may be required to be completed by a qualified medical or mental health professional and released to an appropriate College official.
- **Expulsion** means permanent dismissal from the College, administrative withdrawal from classes and loss of all College privileges.
- **No Contact** means the accused Respondent is instructed not to have direct or indirect contact with the complaining student, which includes but is not limited to contact in person, through electronic means, or through a third party.

- **Suspension** means removal of a student for a defined period of time, during which a student loses all College privileges including, but not limited to, facilities, programs, privileges, classes, and premises. Students who do not attend the College for three or more successive semesters, excluding summer sessions, must submit an application for readmission to the College.
- **Written Warning** means a written notice warning to the Respondent to avoid a recurrence of any conduct that violates College policy.

Potential sanctions for employees found by the College to have violated this policy may include, but are not limited to, the following:

- **Corrective Plan of Action:** Based upon the severity of the violation, an employee found to have violated this policy is issued a corrective plan of action that directs the employee to complete a course of action to remain employed.
- **Discharge:** The employee is terminated from College employment.
- **No Contact:** The employee is directed to have no direct and/or indirect contact with the Complainant, which includes, but is not limited to contact in person, through electronic means, or through a third party.

- **Written Warning:** A written warning is issued to the employee directing that the employee not engage in behavior prohibited by this policy, which will be placed in the employee's personnel file.

Potential sanctions for third-parties found by the College to have violated this policy may include, but are not limited to:

- Loss of Privileges
- Termination of Business Relationship

Should a student decide not to participate in the resolution process, the process proceeds absent their participation to a reasonable resolution. Should a student Respondent permanently withdraw from the College, the resolution process ends, as the College no longer has disciplinary jurisdiction over the withdrawn student. The student who withdraws or leaves while the process is pending may not return to the College; a hold will be placed on their student account, and the student may be barred from College property and/or events. The College will, however, continue to address and remedy any systemic issues that may have contributed to the alleged violation(s) and any ongoing effects on the alleged sexual harassment and/or retaliation.

Should an employee Respondent resign with unresolved allegations pending, the resolution process ends. The College will, however, continue to address and remedy any systemic issues that may have contributed to the alleged violation(s) and any ongoing effects on the alleged sexual harassment and/or retaliation.

An employee who resigns with unresolved allegations pending is not eligible for rehire by the College and the records retained by the Title IX Coordinator will reflect that status. All College responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

Appeal

Appeals under this policy will be heard by an Appeal Panel comprised of three College employees. Both parties have equal rights to an impartial appeal upon the dismissal of a formal complaint or any allegations therein and upon receiving the Hearing Panel's written determination regarding responsibility and, when applicable, sanctions and remedies.

Prior to commencing the appeal process the Appeal Chair must disclose any conflict of interest between him/herself and either party, and in the event of any conflict, a qualified and trained unbiased replacement will be appointed. A party objecting to the Appeal Chair on the basis of a conflict of interest must raise the

objection during this phase of the Grievance Process; otherwise, the objection is deemed waived.

An appeal must be filed within 10 days of the decision being appealed by submitting a written statement as to the basis and reason for the appeal to the Title IX Coordinator.

The request for appeal will be forwarded to the Appeal Chair for consideration to determine if the request meets the grounds for appeal. The grounds for appeal are:

- procedural irregularity that affected the outcome of the matter;
- new evidence or witness(es) that were not reasonably available at the time determination regarding responsibility or dismissal was made which could affect the outcome of the matter;
- a conflict of interest or bias that affected the outcome of the matter.

If any of the grounds in the request for appeal do not meet the grounds in this policy, that request will be denied by the Appeal Chair and the parties and their Advisors will be notified in writing of the denial and the rationale within seven business days of receiving the request for appeal.

If any of the grounds in the request for appeal meet the grounds in this policy, then the Appeal Chair will notify the other parties and their Advisors and, when appropriate, the Title IX Coordinator, Investigator(s) and Hearing Panel Members. This will occur within seven business days of receiving the request for appeal. The other party(s) and their Advisors, and, when appropriate, the Title IX Coordinator, the Investigators and/or the Hearing Panel will be mailed, emailed, and/or provided a hard copy of the request with the approved grounds and then be given five business days to submit a response to the portion of the appeal that was approved and involves them. All responses will be forwarded by the Appeal Panel Chair to all parties for review and comment.

The non-appealing party (if any) may also choose to raise a new ground for appeal at this time. If that occurs, it will be reviewed to determine if it meets the grounds in this policy by the Appeal Panel Chair and either denied or approved. If approved, it will be forwarded to the party who initially requested an appeal, the Investigator(s) and/or original Hearing Panel, as necessary, who will submit their response in five business days, which will be circulated for review and comment by all parties.

Neither party may submit any new requests for appeal after this time period. The Appeal Panel Chair will collect any additional information needed; all documentation regarding the approved grounds and the subsequent responses will be shared with the Appeal Panel. The Appeal Panel will render a decision in no more than seven business days, barring exigent circumstances. All decisions are made by a unanimous vote and apply the preponderance of evidence standard.

Within ten days of receipt of the response to the appeal, a Notice of Appeal Outcome will be sent to all parties simultaneously, including the decision on each approved grounds and rationale for each decision. The Notice of Appeal Outcome will specify the findings on each ground for appeal, any specific instructions for remand or reconsiderations, any sanctions that the College is permitted to share according to state or federal law, and the rationale supporting the essential findings to the extent the College is permitted to share under state and federal law.

Notification will be made in writing and will be delivered by in person, mailed to local or permanent address of the parties as indicated in official institutional records, and/or emailed to the parties' College-issued email. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

Preparing the Annual Security and Fire Safety Report

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law which requires institutions to publish an Annual Security Report (ASR) as well as submit all crime statistics to the Department of Education. Institutions with on-campus housing must also submit a Fire Safety Report (FSR) along with other items detailed below.

LMC will prepare an ASR and FSR that reflects LMC's current policies and procedures, and which contains, at minimum, the following information:

- Crime statistics (stats) gathered from LMC's Care and Concern reports, incident reports, and campus security reports. In cooperation with law enforcement agencies, the department of Accreditation, Strategic Projects, & Quality (ASPQ) will collect stats from these agencies covering LMC's Clery geography. All crime stats are collected and maintained from the most recent three calendar years. (See Appendix A for Clery reportable crimes and definitions.)
- Statements of policies and procedures include, but are not limited to, how students and others can report criminal actions or other emergencies occurring on campus, security and accessing campus facilities, emergency evacuation and preparedness procedures, missing student notifications, prohibited items on campus, institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault or stalking, a statement advising the campus community where registered sex offenders may be located, etc.
- Programming of the following, but not limited to drug and alcohol abuse education, dating violence, domestic violence, sexual assault or stalking, prevention of crimes, campus security procedures and practices, etc.
- Fire Safety procedures, for on-campus housing facilities.

LMC will publish the ASR and FSR by October 1 of each year. ASPQ will release the ASR and FSR along with a statement to the LMC campus community of its availability. Paper copies will be made available upon request.
